

Transport Circular
2026-27

Dear Parents,

We are pleased to offer a safe, secure, and convenient school transport service for our students in the coming academic year. The comfort and safety of our children remain our top priority, and our transport system is designed to ensure a smooth and worry-free commute.

Our bus fleet consists of air-conditioned school buses equipped with GPS tracking, an RFID-based attendance system, and real-time notifications for student boarding and deboarding. To further enhance safety, each bus has a trained lady attendant, and her contact details are available on the ERP system.

The card-swiping system ensures accurate attendance and allows the school to closely monitor every child's journey, offering parents greater assurance and transparency.

As per school policy, transport fees are applicable for 11 months. For students of Grades XI and XII, transport fees will be charged for 10 months only.

As you continue to avail the school bus facility, we would like to reiterate the following important points:

1. Once the transport facility is opted for, it will be applicable for the entire academic year and cannot be discontinued midway.
2. While we aim to maintain consistent routes, minor route adjustments may be made, subject to feasibility.
3. In case the academic fee is not paid along with the transport fee, the transport service will be temporarily suspended.

We appreciate your cooperation and look forward to working together to ensure a safe and comfortable daily commute for our students.

Warm Regards,

Ms. Sharmila Raheja
Principal
