

Circular Regarding Session 2026-27

At Uttam School, we are deeply committed to the well-being and continuous learning progress of our students. Stability in the classroom plays a crucial role in ensuring both emotional security and academic growth for every child.

In this context, any change in teachers during the academic session causes disruption to students' learning and overall school functioning. Therefore, all teachers are expected to continue for the entire academic year, except in truly unavoidable and exceptional circumstances.

If you foresee any reason that may prevent you from completing the session, you are requested to inform the school by 27th March.

While the school remains considerate towards genuinely unavoidable situations, this circular is being issued to seek your formal commitment for the full academic year. Please note clearance from the school will be subject to timely prior intimation.

You are requested to sign this document as an acknowledgment of your availability and intent to continue for the entire session April 26 - March 27.

Best Regards,

Sharmila Raheja
Principal
