

Dear Parents,

In continuation with our ongoing global collaboration with Toshimagaoka Joshigakuen Junior & Senior High School, Japan we are delighted to announce the *Japan Educational Visit 2026*, scheduled in **September 2026**.

The key details and the itinerary of the study tour are attached herewith.

<b>Timing</b>	From 9 <sup>th</sup> September, 2026 to 15 <sup>th</sup> September, 2026
<b>Destination</b>	Tokyo
<b>Applicable Class</b>	Class 7 to 12
<b>Japanese School</b>	Toshimagaoka Joshigakuen Junior & Senior High School (A prestigious private girls' school located at the centre of Tokyo)

### Program Objectives

The aim of this program is to offer eye-opening global experiences that help students develop the essential qualities of future global leaders. Values deeply rooted in Japanese society such as harmony, self-discipline, compassion, diligence, responsibility, and teamwork can only be fully understood through first-hand experience. Through this journey, students will also discover Japan's unique balance of tradition and innovation, its profound connection with nature, and the many cultural contrasts compared to India. These experiences will spark curiosity, broaden perspectives, and encourage reflection on both themselves and their own culture.

### Why Japan?

Japan offers a unique environment where children naturally develop self-management skills, empathy, and independence through real-life experiences. Everyday life in Japan from public transportation to schools provides a form of "living education" that helps students grow beyond what textbooks or videos can offer. Through this program, students experience both Japan's cutting-edge technology and its rich cultural heritage, while interactions with Japanese school students broaden their perspectives and foster meaningful friendships. Japan's reputation as one of the safest countries in the world further makes it an ideal destination for overseas educational programs that support a child's personal growth and learning.

### Partner School in Japan

Students will visit Toshimagaoka Joshigakuen Junior & Senior High School in Tokyo. The exchange program with this school has been successfully conducted since 2023. It is one of the top girls' schools in Japan located in the centre of Tokyo. The school has a history of around 130 years and recognised as a SSH (Super Science High School) school by the Japanese Ministry of Education, Culture, Sports, Science and Technology since 2018. They achieved No. 1 nationwide for six consecutive years in the number of students admitted to private university medical faculties.
