## NEWSLETTER - GRADES I-V

GRADE I-V

SESSION 2025-26

The 2025–2026 academic year has been a remarkable chapter for all of us in the primary wing. We are delighted to present this newsletter as a window into a year filled with vibrant learning and meaningful exploration. It captures the spirit of our school life—the events that challenged us, the activities that brought us together, and the achievements that helped us grow. Through these stories and reports, we celebrate the excellence and creativity that have defined our journey this year.

Warm regards,  
Saanvi Arora VA  
Literary Secretary

Dear Parents and Students,

As we move ahead in this exciting academic journey, our focus remains on nurturing confident, curious, and compassionate learners. Through meaningful classroom experiences, literacy and numeracy enrichment, creative activities, and collaborative learning, we aim to strengthen every child's foundation and love for learning. I appreciate the continued support of our parents and the dedication of our teachers in shaping a joyful and enriching environment for our young learners from Grades 1 to 5.

Best Wishes

Arti Khanna  
Headmistress

Mrs. Arti Khanna  
Head Mistress

### BEYOND THE CLASSROOM: EXPLORING THE NATIONAL SCIENCE CENTRE

On 23rd September 2025, the Primary Wing traded textbooks for a day of discovery at the National Science Centre, New Delhi. This trip was the perfect bridge between classroom lessons and real-world wonders.

From the thrill of a 3D science show to hands-on workshops on eclipses, illusions, and forces, science truly came to life. Walking through the awe-inspiring Dinosaur Gallery was a major highlight that left us all in wonder. Every exhibit turned a complex theory into an interactive experience, making our learning journey both meaningful and unforgettable!

Prisha Singh Solanki VA

### AVISHKAR LEAGUE: INNOVATION IN ACTION

Participating in the Avishkaar League 2025 was an incredible adventure into the world of robotics, coding, and AI. We started at the zonals and pushed our creativity all the way to the international stage!

It was a dream come true to bring home the Outstanding Team Spirit Award and the prestigious "Girls in STEM" award. These honors remind us that when we work together and keep innovating, there's no limit to what we can build. It wasn't just a competition—it was a glimpse into our future as the next generation of tech leaders!

Aanvi Gulati IV A

### THE MANTLE OF LEADERSHIP: MY INVESTITURE JOURNEY

Standing on the stage of our spacious auditorium, I felt a surge of pride as I was officially pinned with the badge of Junior Wing Head Girl. The Investiture Ceremony was a momentous day for the entire Student Council—a transition from being students to becoming leaders of our school community.

As the badges were handed out, I realized that this honor comes with a great responsibility to lead with kindness and integrity. It was an empowering experience to stand alongside my fellow council members, ready to serve our school. This ceremony wasn't just about the titles; it was the beginning of our commitment to making a positive difference in the year ahead!

Swara Upadhyay VA

## SRIJAN: CELEBRATING THE SOUL OF HINDI LITERATURE

Our Hindi Literary Week, Srijan, was a vibrant celebration of our linguistic heritage. From the rhythmic wisdom of Doha and Chaupayi Gayan to the stirring courage of Veer Gatha recitations, every performance echoed with the beauty of the Hindi language. A special highlight was our presentation of Munshi Premchand's classic, 'Nadan Dost,' which brought the innocence of childhood to life on stage. Through these stories and verses, we didn't just learn literature—we experienced its soul. It was a week that turned every student into a storyteller!

Dhriti VC

## JONQUIL 5.0: A STELLAR LITERARY JOURNEY

Our annual English Literary Fest, Jonquil 5.0, centered on the enchanting theme "Quill & Cosmos: Fantasy, Myth and Beyond." Hosting schools from across Delhi and NCR, the event was a stellar celebration of imagination. The highlight was Newsroom Live, where I stepped behind the anchor's desk to report "Fictional Fantasy News." Delivering mythical headlines with the poise of a professional journalist was an incredible boost to my confidence. Interacting with esteemed authors Ms. Seema Wahi and Mr. Sarabjeet Garcha added a touch of magic. Their insights inspired us to imagine new worlds and gave us the conviction to share our own stories with the world.

Anika Singh Chauhan VC

## CHRISTMAS: A SEASON OF TOGETHERNESS

The festive spirit of Christmas came alive in our school as we gathered for a morning of music and tradition. We sang timeless Christmas carols, their melodies echoing through the halls alongside a beautiful Nativity scene that brought the story of the season to life. The celebration continued with a lively class party! From sharing treats to playing games, the laughter and togetherness made it a truly special day. It was a wonderful celebration of joy and friendship that left us all with hearts full of festive magic.

Nidhi VA

## MUN 2025: DEBATING WITH PURPOSE, LEADING WITH PASSION

On 27th and 28th September 2025, our school became a global stage for Uttam MUN 2.0. Stepping into the shoes of international delegates, we dove into the world of diplomacy, debating complex global issues with clarity and respect. This was an incredible learning journey for us. Researching and speaking for our assigned countries tested our confidence and public speaking in ways we hadn't imagined. From navigating intense discussions to finding solutions through teamwork, we truly felt the spirit of the United Nations. The event wrapped up with a vibrant Garba celebration, making our first dive into diplomacy both enriching and unforgettable.

Naba Fatima VC

## The Mighty Math Carnival: Making Numbers Fun

Our school's annual Mighty Math Carnival was all about one thing: showing that math is a celebration, not a challenge! The event brought students from various schools together to replace "math fear" with excitement and creativity. Participating in "Fragmented Finesse," I had the unique task of designing a "Fraction Dress." It was a brilliant way to see fractions come to life outside of a textbook. Focusing on the logic and beauty of parts of a whole, our team's dedication to mathematical accuracy earned us the First Prize! Winning at our own carnival was a proud moment that proved when you approach math with joy, the results are always a success.

Myra Tomar VC

## DEEPUTSAV 2025: A LUMINOUS CELEBRATION

On 17th October 2025, our campus radiated joy as we celebrated Deeputsav. Guided by the inspiring leadership of our Principal and Headmistress, the event featured soulful songs, energetic dances, and a spirited flash mob. The highlight was the breathtaking display of eco-friendly art installations and creative posters on Sustainable Development Goals (SDGs), blending artistic flair with global awareness. With lively food and game stalls adding to the festive spirit, Deeputsav beautifully showcased our school's creativity, values, and community heart.

Anvika Sharma IVA

## HEART & HERITAGE: CELEBRATING GURPURAB

The spirit of devotion filled our school as we celebrated Gurpurab with a serene special assembly. The day began with a soulful Shabad recitation, creating an atmosphere of peace and reflection on the values of kindness and gratitude.

The celebration continued with a traditional Langar, where students and staff sat together to share a meal. This heartwarming experience was a powerful lesson in equality and unity, highlighting the importance of service and togetherness. It was a memorable day that left us all with a deeper understanding of sharing, caring, and community.

Sharvi IV B

## ONE FLAME, ONE TEAM: THE ANNUAL SPORTS MEET

On 31st January 2026, the energy on our field was electric. A personal highlight was running alongside the Senior Wing Sports Captain to carry the sacred flame—a moment that perfectly symbolized our school's spirit of unity and determination.

From the synchronized March Past to the high-stakes relay races, the day was a masterclass in teamwork and discipline. Watching the vibrant Yoga and Zumba displays inspired us all to stay focused and active. This experience taught me that leadership is about more than winning; it's about sportsmanship and pushing our limits together. It was a proud and unforgettable day for me.

Avika Malik VA

## TUNING IN: WORLD RADIO DAY

Our school celebrated World Radio Day with an engaging special assembly that explored the timeless power of audio communication. The presentation traced the global history of radio, highlighting its enduring role in connecting people and spreading vital information across the world.

A key theme of the assembly was the art of listening. Students explored how being an active listener—paying attention and staying patient—is a crucial life skill for better learning and stronger connections. This interactive session not only built public speaking confidence but also served as a powerful reminder of how clear communication and thoughtful listening shape our daily lives.

Anshika IV B

## Pure Wonder: Children's Day 2025

Our Children's Day was pure magic! We were stunned to see our teachers transform into iconic characters like Willy Wonka, Pippi Longstocking, Dumbledore, and Moana for a spectacular special assembly. Their vibrant performances brought our favorite books to life and filled the hall with cheers.

The highlight was the "Walk of Worth," where each of us received a personalized badge featuring an empowering adjective starting with our own initial. From the surprise assembly to the lively class parties, the day was a beautiful reminder of how much our teachers cherish us. It wasn't just a celebration; it was a day where every student felt like a hero in their own story!

Deveshi IV A

## CHRISTMAS: A CELEBRATION OF JOY, GRATITUDE, AND TOGETHERNESS

The festive spirit of Christmas came alive in our school as we gathered for a morning of music and tradition. We sang timeless Christmas carols, their melodies echoing through the halls alongside a beautiful Nativity scene that brought the story of the season to life.

The celebration continued with a lively class party! From sharing treats to playing games, the laughter and togetherness made it a truly special day. It was a wonderful celebration of joy and friendship that left us all with hearts full of festive magic.

Nidhi VC

## A JOURNEY OF DISCOVERY: NATIONAL SCIENCE DAY

On 28th February 2026, our school turned into a giant laboratory to celebrate National Science Day. In a special assembly, we honored the great scientist C.V. Raman and learned all about the Raman Effect.

As a Grade 4 student, the best part was getting our hands busy with experiments! While our younger friends were building circuits and exploring the moon, we joined Grade 5 to see the Raman Effect in action through our own investigations. It was so exciting to see how light interacts with different materials right before our eyes. This day proved that science isn't just in books—it's a joyful journey of discovery that starts with a single "Why?"

Yashvi IV B

## YOUTH IDEATHON : FROM IDEA TO INNOVATION

Participating in the Youth Ideathon was an incredible opportunity to tackle real-world problems with creative solutions. It was a proud moment for our school as three of our junior category ideas were recognized among the Top 2000 nationwide!

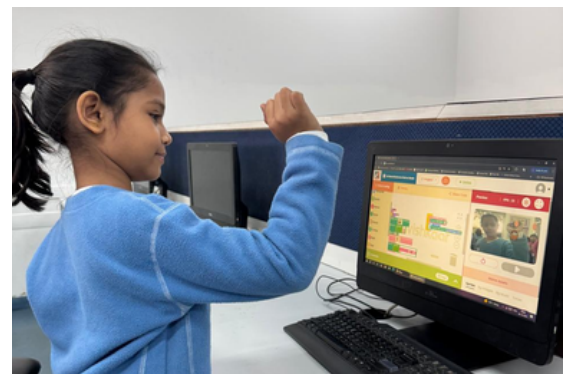

It was an exhilarating experience to see my own innovation advance even further, securing a spot in the prestigious Top 500 category at the national level. Seeing our hard work and problem-solving skills recognized on such a huge platform has been truly inspiring. This journey taught us that no problem is too big when you have a creative spark and the determination to build a better future!

Shagun Shishodia IV A

## ERAKSHA 2025: MY JOURNEY INTO DIGITAL SAFETY

Participating in the eRaksha 2025 was a great way to learn about staying safe online and using technology responsibly. This national initiative by CyberPeace and NCERT taught us all about the importance of digital ethics. Under the theme "AI for Peace and Safety," I explored how artificial intelligence can be a tool for good. It was exciting to create and submit my entry online, focusing on how we can protect ourselves in the vast digital world. This competition made me realize that while the internet is huge, being a responsible user makes it a better and safer place for everyone!

Priyal Kaushik VC

## HOLI: A CELEBRATION OF COLOURS

The vibrant spirit of Holi transformed our school into a hub of joy and creativity. We celebrated the festival of colors through a blend of tradition and fun, strengthening our bonds of friendship.

The day featured an artistic coloring activity and exciting games that filled the air with laughter. No celebration is complete without tradition, and sharing Holi delicacies added the perfect sweet touch to our festivities. From colorful masterpieces to playful moments, it was a day that perfectly captured our school's culture of happiness and unity!
